

Academic Task Number: 1

Date of allotment: 13/08/2026

Date of submission: 05/09/2026

Academic Task Type: Assignment (Group)

Academic Task Mode: Online

Course code: HRM301

Course Title: Industrial Psychology

Maximum Marks: 30

Academic Task	Objective	Detail of Academic Task	Course Outcome	Bloom's level	Max Marks
Assignment - Field / industrial visit based	To assess students' ability to administer a personality assessment, interpret the results, and prepare a comprehensive individual personality assessment report with personalized insights and developmental recommendations.	Project Overview: Students have to create a group which will act as a part of team of Industrial Psychology Consultants. The Group has to offer an affordable personality assessment service to employees'/clients/. The group is required to use a psychological assessment tool, such as the Big Five Personality Inventory (OCEAN Model), to assess and help individuals understand their personality traits, leadership potential, career preferences, communication style, decision-making patterns, and other relevant behavioural characteristics. Based on the assessment results, the group is expected to administer the assessment, interpret the findings, and prepare a comprehensive individual personality assessment report containing personalized insights and developmental recommendations. Task Components: Designing the Assessment Mode (5 Marks): - Define the objectives of the personality assessment (in context to students or employees). - Select the mode of assessment (e.g., workshop, seminar, online, interactive session) and explain why it is suitable. Assessment Implementation Plan (5 Marks): - Identify assesses or participants - Define importance and scope of the personality assessment. Evaluation of personality Assessment Reports (10 Marks): Evaluation of personality may provide insights into following key outcomes:	CO1, CO2, CO3	L5, L6	30
